Instructions for Requesting a Letter of Recommendation

Recommendations take **TIME** and **REQUIRE SPECIFIC INFORMATION**.

- Determine whether or not you will need teacher and/or counselor recommendation (some colleges do not ask for, nor read, recommendations).
- Plan ahead and give your recommenders plenty of time and information so they are able to write the best recommendation possible.
- It is expected that you will provide your recommenders at least four weeks' notice.

Recommendations fall into two categories:

Teacher Recommendation and Counselor Recommendation

- **Teacher Recommendation**
 - This recommendation should include information regarding the student's academic strengths, habits, and skills that the academic teacher has directly observed.
 - The student should ask teachers with whom the student had or has good working relationships if they are willing AND able to write a strong letter of recommendation on the student's behalf.
 - Each teacher will have their own process for writing a letter, so be sure to follow their guidelines.
 - The student should also confirm with the teacher how the recommendation should be submitted. Most often, the student will invite the teacher through Common App. **Be sure you use their @fcps.edu email address and verify you have their correct email address.**
 - The student should provide teachers with a list of colleges for which recommendations are needed and deadlines for those colleges.

- **Counselor Recommendation**

- This recommendation includes specific comments regarding the student as a person: Individual traits, demonstrated character strengths, activities, etc.
- The student should confirm with his/her counselor the need for a recommendation. The colleges that do not require recommendations do not read them unless there has been extenuating circumstances that address concerns on a student's transcript.
- The student requests recommendation letters for specific colleges by indicating this on the [Transcript Request Form](#).
- The student should provide the counselor with information to assist in writing the letter.
 - The student is **required** to complete the [Student Self-Evaluation Form](#) and a detailed activity list/resume (template [here](#) if needed, must be logged into your @fcpschools.net account.) If these documents are not completed, the counselor will not write a recommendation letter on behalf of the student.
 - The student's parent/guardian should complete the [Parent/Guardian Information Form](#). Once completed by the parent/guardian, this form should be [emailed](#) to the counselor.

It is common courtesy to write thank you notes to those who have written your letters of recommendation.

Student Self-Evaluation Form

If you will need a school counselor letter of recommendation for college/scholarship applications, complete and share (via Google) with your counselor **by September 3, 2024**.
You should also share a detailed activity list/resume.
If you need a template, [use this one](#) by logging into your FCPS Google account.

The purpose of this self-evaluation is to provide you with an opportunity to think about how you will present yourself to colleges during the application process. You are encouraged to take your time and provide detail in your answers, so your counselor can write a thorough recommendation letter.

Please be aware that by completing this form, you are giving your counselor permission to share any of this information with the colleges.

1. Choose three adjectives that best describe who you are; provide examples/details for each adjective to explain why the word describes you.
2. What have been the most valuable courses you have taken and why? (Consider your long-term career plans, courses that allowed you to grow as a learner, skills you learned, etc.)
3. What class have you completed that you found most challenging and what did you do to be successful?
4. Is there anything on your high school transcript that you think needs additional context/ explanation? (Consider extenuating circumstances that may have impacted you/your learning.)
5. What in your life makes you excited and/or what are you passionate about?
6. What (up to 3) activities have been the most important to you and why? (You can choose a school-affiliated program or an independent one.)
7. Who have you approached (or do you plan to approach) for a teacher recommendation?
8. Given everything you've written above, what are the three most important points you want your counselor to emphasize in your letter of recommendation?

Parent/Guardian Information Form

If your student needs a school counselor letter of recommendation, complete and return (via email to the counselor's @fcp.edu email address) by **September 3, 2024**

Take some time to share your insights about your student that will aid the counselor in writing a letter of recommendation. We have found that parents/guardians know their child best and often provide excellent information that we can use to write a much richer recommendation letter.

Please be aware that by completing this form, you are giving the counselor permission to share any of the information with the colleges.

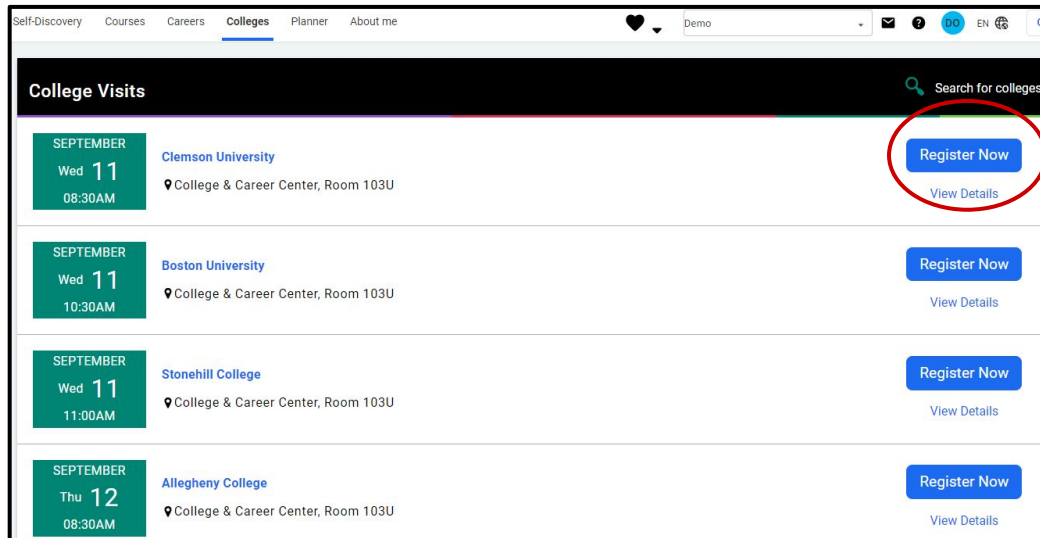

1. How would members of your community (teachers, close friends, family, church leaders, etc.) describe your child? Please provide three adjectives with specific examples.
2. Are there any challenges your child has experienced that have impacted them and/or their learning? Describe how your child has overcome obstacles or demonstrated strength, courage, or resiliency.
3. Describe how your child has matured throughout high school.
4. Share a story about your child that depicts their character.
5. What do you enjoy most about your child?
6. Is there any other information you would like to share with the school counselor to portray an accurate description of your child to colleges and universities?
7. To help counselors prepare for their post-grad planning meeting with your senior, please share any limitations or special considerations that will affect where your student attends college. Have you discussed financial considerations and how they may impact where your student attends college?

College Visits @ JMHS

JMHS will host a variety of college visits in the fall for students. These visits will allow seniors and juniors the opportunity to connect with college admissions representatives, gain additional information and ask questions.

The visit list is available in [Naviance](#). Only students will see and have the option to “Register Now.” Parents have “view only” access to [Naviance](#).

This is a great time to have a conversation about colleges with your child as you look at the list visits to JMHS as well as campus visit options provided by the individual colleges.

How to Sign Up for a College Visit in Naviance 2024-2025

1. Log into [Naviance](#)
2. Click on Colleges > College Visits
3. Click on “Register Now”
4. Ask your teacher for permission (verbally or through email) to be excused from class AT LEAST 24 HOURS BEFORE THE VISIT!
5. Before heading to the College & Career Center (Room 103U) for the scheduled visit, show the Naviance confirmation/registration screen on your laptop to your teacher as a reminder (preferably at the beginning of class).
6. Attendance will be taken. Students are responsible for missed assignments.

For questions, email Mrs. Otto at lmotto@fcps.edu

Most current visit list (and to register) is in [Naviance](#).

Formulas

The SAT provides a reference of common formulas in the testing application.

The ACT does not provide formulas for reference.

The digital SAT Math modules include 44 questions total. About 25% of these are student-produced response questions (i.e., grid-in), and the rest are multiple-choice.

Algebra Focus

The SAT has a much greater emphasis on Algebra, as well as Data Analysis questions that ask you to incorporate information from tables and charts into your calculations. In contrast, the ACT focuses more on Geometry and Pre-Algebra.

SAT: 70%

ACT: 32%

Calculators are allowed throughout the Math sections on both the digital SAT and ACT. The Digital SAT testing platform has a built-in Desmos graphing calculator.
