

What is the MAD Wings Experience?

From freshman to senior year, students create and add to a WINGS Portfolio which contains artifacts of their learning and growth. Students reflect on their growth over the year in Course Reflections. At the end of each year, students present their growth and portfolio in a MAD WINGS Presentation to school staff, peers, parents, and community guests. All students are expected to participate in the MAD WINGS experience and will receive special recognition at graduation upon completion.

Criteria	Proficient
Claim of Growth "I grew."	Student shares specific examples from learning experiences to describe how they grew.
Collection of Evidence (Artifacts in Portfolio) "I can prove it."	Student provides multiple pieces of evidence from learning experiences to show how they used and grew in POG skills .
Reflection on POG "Here's why it matters."	Student reflects personally on the value of POG in their life and how it might impact their future . They can identify a next step to continue growing.
